

Appln No. 10/712,278
Amdt date December 29, 2005
Reply to Office action of October 7, 2005

Amendments to the Drawings:

The attached sheet of a drawing includes changes to Fig. 2. This sheet, which includes Fig. 2 replaces the original sheet including Fig. 2.

Attachment: Replacement Sheet
 Annotated Sheet Showing Changes

Appln No. 10/712,278
Amdt date December 29, 2005
Reply to Office action of October 7, 2005

REMARKS

In response to the Office action of October 7, 2005, the above-identified above has been amended. In the Office action, it was indicated that claims 1 - 26 and 33 - 46 were rejected. In addition, it was indicated that claims 27-32 are allowed.

It was further indicted that the drawings were objected to as failing to comply with 37 CFR 1.84 (p)(5) because they do not include a reference sign for a ridge and a channel. Corrected drawing sheets in compliance with 37 CFR 1.21 (d) are required in reply to the Office action to avoid abandonment of the application.

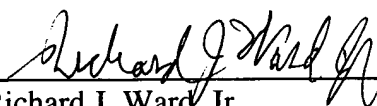

In response to the requirement, an amended replacement drawing sheet is provided herewith and reference signs have been provided for the elements identified as ridges, a channel and a shelf.

Certain amendments have also been made to the specification to include reference to certain ridges, channel and shelf with reference numerals (signs). A replacement for the paragraph at page 7, line 7 of the specification has been provided and is coordinated with the reference numeral (sign) change made to the drawing. A corresponding amendment has been made to claim 31.

In view of the indication that claims 27-33 are allowed and cancellation of the remaining claims in the application plus the submission of amended specification, claim and drawing, it is submitted that the case is now in condition for allowance and an indication to that effect is solicited.

Respectfully submitted,

CHRISTIE, PARKER & HALE, LLP
